Hull's Highlights

Be looking for information next week about upcoming parent/teacher conferences in October. Meetings between teachers and parents will be held the week of October 16-20 with extended hours (4:00-7:00 p.m.) on Tuesday, October 17 and Thursday, October 19. You will be asked to give us your preference of times to attend these meetings. The staff will schedule family conferences in the same block of time and will attempt to honor your preferred times. Notices of your scheduled conference time will be sent home with students the week of October 9.

Bornlearning Academy had a successful evening of quality family time last Tuesday enjoying a meal together and participating in various learning activities. Parents and students discussed the importance of music and rhythm. Parents and children made playdough together and each family also received the ingredients to take home. We still have five meetings left during this first semester and would love to have more families join us. The only requirement is that you have a preschool age child. If you are interested please contact Sarah Harmon at sharmon@tsc.k12.in.us or 269-8220. Thanks.

We continue to have a few parents attempting to drop their children off in front of the school. The car rider pick-up line is purposefully planned to be behind the school away from bus traffic for everyone's safety. We need and expect your cooperation with these procedures to permit smooth and safe arrival and dismissal of students.

The Lifeskills for the next two week are *sense of humor and effort*.

Sweet's Stop

The Woodland family is fantastic! It was also great to see so many of you at Pink Walrus this past Tuesday. These fundraisers for the school go a long way to help make the students of Woodland Elementary successful in the classroom. The school looks forward to using the profits coming in to directly impact student achievement here at school!!!

Parent Teacher Conference Forms are coming soon. Evidence suggests that family engagement matters for student success. Research shows that family engagement improves school readiness, student achievement, and social skills. As educators, we understand families are core partners in the learning process. We are excited to show you all the great things your children are doing at school.

Life Skills are important for students and staff at Woodland Elementary. Five staff members were highlighted this week for showing these life skills!!! Congratulations to the following staff members. Mary Robinson and Tammy Shepherd were recognized for **flexibility**. They altered plans in a moment's notice to substitute for the day when we were short subs! Kathy Hudgins and Kari Frey were recognized for **initiative**.

Kathy has stayed late to ensure safety for our students during after school events. Kari Frey took on the role as lead instructor during Born Learning Events. Jenelle Holmes was recognized for **problem solving**. She thought outside the box to meet the needs of all the students in her class during reading time! All of these individuals are great examples to our students showing that life skills are always important!!!

Thanks for a great week and we look forward to finishing September on a high note!!!
