## Hull's Highlights

We are looking forward to sharing information with parents at our upcoming conferences the week of October 16. You will receive notification from your child's teacher(s) next week about the time for your conference. If the time(s) we have scheduled for you do not work, please contact your child's teacher to reschedule a time or hold the conference over the telephone. If transportation to your conference is a problem, please contact Mr. Hull at the office to arrange for a ride to the school and back home. We always strive for 100% attendance at conferences and appreciate the opportunity to share with you about your child's progress. Be sure to visit the Scholastic Book Fair that will be set up in the LGI room the week of October 16-20 and throughout the evening conferences on October 17 & October 19!

Students have enjoyed field trips recently to Prophetstown State Park, the Feast of the Hunter's Moon and Dull's Apple Tree Farm & Pumpkin Patch. I even received a telephone call from the owners of Dull's Farm commending our first grade students and teachers for being wonderful representatives of the school. Kindergarten is looking forward to a trip to Fire Safety Program & Exploration Acres next week, too. We very much appreciate the support of the Woodland Parent Advisory Council for their generous financial support for these study trips!

The Lifeskills for the next two weeks are ***common sense and problem solving!***

## Sweet's Stop

We had another great Born Learning event at Woodland. During the event, the participants were able to make connections and bonds with their children through songs and stories. The families were able to take home music to continue this while in the car or at home and make musical instruments with their children.. The next Born Learning event is 10/10. We would love to see you there if you have children not yet school aged!!! If interested, please contact the office.

It was great seeing so many families come to our Family Night which focused on SLED/STEM activities. SLED/STEM education is active and focuses on a student-centered learning environment. Students engage in questioning, problem solving, collaboration, and hands-on activities while they address real life issues. Students learn to investigate questions about the world when they come across them in daily life!

With conferences coming up, we look forward to discussing all the great things your children are doing while at school. Woodland Elementary values the parental partnership we have and we appreciate everything you do to help make your children successful at school.

Fall is coming soon!! This means cold weather will be here, please make sure your child is properly dressed for outside recess with a jacket.

### Parent-Teacher Conferences

Parent-Teacher conferences will be held on Tuesday Oct. 17th and Thursday Oct. 19th from 4-7 p.m.
